

Sinclair
Broadcasting is
being totally biased
in forcing their
stations to air an
anti-Kerry so-called
"documentary" days
before the election.
If they are going to
air what is actually
a political ad, they
are required by law
to also air a
pro-Kerry
documentary shortly
after, with equal
time given, and
during the same kind
of prime time
allotted to the
anti-Kerry
"documentary."

Sinclair uses public
airways free of
charge and are
obliged by law to
serve the public
interest. They
should not be
allowed to get away
with this.
